Dry Creek Valley Sip 'N Cycle Tour

“As close to Provence as you can get without leaving the country”

We come together in Healdsburg at 9:30am. This allows ample time to finish your B&B breakfast or make the drive up from virtually anywhere in the Northern California region. We then fit you to a Specialized bike outfitted along with a helmet, bag, and comfortable gel-seat. Your guide goes over the “Rules of the Road” as well as how to operate the bike. We’re off at about 10:00am. Your leader will explain the sights and local wine facts and history as we travel the quiet country lanes of the Dry Creek Valley. Dry Creek Valley is known for its spicy reds and great white wines and we will bring you to our favorite wineries to sample fine wine created from the vines we cycle past. After tasting several varieties we head to our lunch stop at one of the most picturesque wineries where we will enjoy our picnic lunch after wine tasting.

We enjoy a wine country lunch, with a menu that typically includes: Pesto pasta salad, local organic salad greens, fresh baked bread, artisan cheeses, seasonal fruit, and dessert. It is a great stop with time for a quick game of Bocce ball or a power nap.

After our lunch we return to our bikes rested and recharged. We will make one or two more winery stops and then return to the parking lot off of the Healdsburg plaza around 3:30pm. Here we bid you farewell and thank you for riding with us!

This tour is rated easy to moderate and is suitable for all abilities. We'll travel approximately 18 miles on mostly level terrain.

My family and I recently participated in a Dry Creek Cycling tour in Healdsburg. The tour and the tour guides were absolutely terrific! The scenery was beautiful, the guides delightful and knowledgeable - and wonderful cooks as well! The entire experience was everything we had hoped it would be. Our entire experience with Getaway Adventures was a high point of our trip to wine country, and we will certainly recommend it to friends in the future.
