# Pedal and Paddle Tour

## Bike & Kayak through Sonoma's beautiful Alexander Valley

We come together at the Alexander Valley Campground at 10:00am sharp. This allows time to finish your B&B breakfast or make the drive up from virtually anywhere in the Northern California region. We fit you with a Marin hybrid-style bike along with a helmet, bag, and comfortable gel-seat. Your leader goes over the "Rules of the Road" as well as how to operate the bike.

We're off at about 10:30am. Your leader will explain the sights and local wine facts & history. We ride past the Russian River and down into the Alexander Valley. Passing Jim Town, we turn onto Red Winery Rd. Quiet, peaceful, virtually traffic free, this enchanting road will take us to Robert Young Winery, our first stop of the day, where we will have a chance to sample some of their fine wines. The support van is nearby for wine purchases, water or extra support.

Getting back on our bikes we continue

riding while enjoying the views of the vineyards and surrounding hills. With a flat road, it is easy to enjoy the scenery and fresh air. We continue to our next stop, De Lorimier Winery. Here we will have a chance to try their wines and enjoy our gourmet lunch.

Dining with Getaway is quite an event. Shaded oaks provide a canopy with views of the valley. Enjoy a wine country lunch with entrées such as Mediterranean Pesto pasta salad, local organic salad greens, fresh baked bread, artisan cheeses, seasonal fruit, and dessert.

After lunch we climb into our kayaks for a leisurely paddle along this picturesque, slow-moving river that winds it's way through wine country, filled with birds and wildlife. There will be a few opportunities for some excitement as we go through Class I rapids. We finish our trip at approximately 4:00pm at the campgrounds. Here we bid you farewell and thank you for coming on tour with

*"Getting around on bikes and kayaks is the only way to see everything the area has to offer. We loved the beautiful scenery and being able to take time to see all the little things – trees, vineyards and wildlife."*
