The Best of Both Worlds...

We meet you in Alexander Valley at 9:30am for a bike fitting and quick safety talk, and we are on the road by 10:00am. As you begin your ride out through the beautiful Alexander Valley, your guide will talk about local history and will help you understand the process of growing grapes and making wine. We cycle along quiet country lanes to visit small, family-owned wineries. The route is fairly flat and easy, taking you along the lush vineyards filling the valley floor. Midday we serve our gourmet picnic lunch under shady oaks at one of our scenic winery stops. Among the vibrant vineyards you will enjoy our lunch, which typically includes local organic greens, artisan cheeses, organic meats, fresh baked bread, orzo feta salad, seasonal fruit, dessert, and a variety of drinks. After lunch we walk through the vineyards down to the river. We get in our kayaks and begin floating down the calm Russian River, watching for herons, egrets, and otters. There is time to stop and take a dip in the river as you marvel in your beautiful surroundings. Around 3pm we return to Alexander Valley, where we bid you farewell and thank you for tour with us!
